Sitting here trying to cut all of the things you say  
Don't wanna listen to you yell  
All your words are like poison  
Taiting my very brain

Turning the sound up, I just wanna rock

We're learning to rock  
Higher and higher screaming  
We're learning to rock  
Fueling up for metal  
We're learning to rock  
Higher and higher shooting  
We're learning to rock  
heading for the stars

Trying like crazy to change me, everything I am  
Having a fight with my inner demons  
Well we'll see who'll be talking  
I'm better of on my own

Turning the sound up, I just wanna rock

We're learning to rock  
Higher and higher screaming  
We're learning to rock  
Fueling up for metal  
We're learning to rock  
Higher and higher shooting  
We're learning to rock  
heading for the stars

We're learning to rock  
Higher and higher screaming  
We're learning to rock  
Fueling up for metal  
We're learning to rock  
Higher and higher shooting  
We're learning to rock  
heading for the stars

We're learning to rock  
We're learning to rock
