#### Chant

Ah ah ah ah (3ce)  
If I could run away  
Ah ah ah ah (3ce)  
If I could run away

#### Verse

I could search for a million years I would still never  
find the words  
And the greatest of all the things I fear is that my  
true feelings will never be heard by you  
You'll never know how much I care  
Girl you'll never know how much your love will mean to  
me  
Your love will mean to me

#### Chorus

If I could runaway I'll run with you far away  
To a place where there'll be angels  
Who'll describe to you the way I feel  
Feel for you, feel about you  
My heart and my soul's desire

#### Verse 2

I could walk all around the world I would still never  
find the words  
'Cos the feeling I feel inside my heart is a feeling  
that has never been felt  
By me I've never been so deep in love  
Girl it's never been so hard to say the way I feel  
To say the way I feel

#### Chorus

#### Bridge

If I could pick a day to run away I'd surely pick a  
Sunday  
Cos the angels would be totally there at the disposal  
of you and me  
The reason I need the angels to talk to you for me is  
that you're my angel

So maybe you will understand the angels when they tell  
you how I feel.
