Can You Believe It - Styles P
[Styles P & Akon talking]
What up John (testing one, two, three)
What up Kon (hey convict music)
Let's go (can you believe it)

(1st Verse) Styles P
Fresh white tee, fresh car wash, summertime hood
niggas look like stars
Jewelry drip, fresh white airs, mommy shake it up keep
your ass right there (ohh, can you believe it?)
My man got liquor and my cup's right here, I can smell
smoke pass the dutch right here
Nigga pass that, Capri pants with the waist cut off, I
wanna smash that (ohh, can you believe it?)
Party ran pack, mingling baby, and I can LL shake, you
jingling baby?
Back your ass up, I'm a start tingling baby, we can have
more fun if wiggling baby (yea, can you believe it?)
P hit the club with a dutch and a dub with it, nigga don't
cuff it if you ain't in love with it
Matter fact let the grub get it, please don't hate cause
at least you can say you was with it

(Chorus) Akon
Can you believe it? Get a break and get off the streets,
clear my mind from the shit I see
In a world full of smoke, attack from the weed, that's
when it really dawned on me
I'm a be here for life, never gonna leave, the ghetto is
all that I know
It's just another day in the hood my nigga everybody
trying get this dough
Let it out, all up in the club and you know how we roll,
squad deep like ohhhh
Bad little bitches with their booty all swole trying to beat
like whoaaaa
Know your ass feel it cause it's outta control
Let me hear you say ohhhhh, let me hear you say
ohhhhh
Can you believe It?

(2nd Verse) Styles P

Big ass truck, brand new rims, tank top Yankee, tanned
out Tims

Bracelet, chain, -----bob thin, new tattoos, new black
shoes (hey, can you believe it?)

Gucci, Ermays, do that too, wanna feel the breeze get
a new black coupe

Nigga drop the top, come thru the hood, put a hundred
on your three or your foul line shot (ooh. oohh, ohh can
you believe it?)

Lending outfits all in the bus cause none of us could
see a summer without trips (none of us can see it)

Mad hoops so the little boys might bark at you but they
all lack good if the hood bothered you

(Chorus) Akon

Can you believe it? Get a break and get off the streets,
clear my mind from the shit I see

In a world full of smoke, attack from the weed, that's
when it really dawned on me

I'm a be here for life, never gonna leave, the ghetto is
all that I know

It's just another day in the hood my nigga everybody
trying get this dough

Let it out ohhhhh, all up in the club and you know how
we roll, squad deep like ohhhh

Bad little bitches with their booty all swole trying to beat
like whoaaaa

Know your ass feel it cause it's outta control

Let me hear you say ohhhhh, let me hear you say
ohhhhh

Can you believe It?

(3rd Verse) Styles P

Basketball tournament, pitbull pups

Ladies in the club poring Chris in cups

Niggas in the jail calling home on the phone (cause
they locked up)

But you still trying to act like ain't shit enough

Mad sieves in the park, mad fights in the park niggas
talk how they run every night from the narcs

Aside from the light to the dark then the dark to the
light, I wanna smoke but I could search for my life

(Last Verse) Akon

Can you believe it? I've done spent ten again, watching
her bend again, dancing for many men

Tell me have ever though about getting in, a room full
of convicts and D Block militants

We'll show you the time of your life, we can occupy my

passenger side
Introduce you to the street life, watch you fall in love
after just one night
Ohhhh, all up in the club and you know how we roll,
squad deep like ohhhh
Bad little bitches with their booty all swole trying to beat
like whoaaaa
Know your ass feel it cause it's outta control
Let me hear you say ohhhhh, let me hear you say
ohhhhh
Can you believe It?

[Styles P & Akon talking]
