HOMEBREAKERS - Paul Weller/Mick Talbot

Good morning day, how do you do

I wonder - what will you do for me?

I should be on my way, I should be earning pay,

I should be all the things that I'm not -

And I've tried on my own, now there's nothing to keep
me at home,

Like my brother has too - gotta leave to get out of this
view.

You see they tell you to move around -

If you can't find work in your own town.

As I rise from my bed I can hear the old man

With a kiss and a wave - "Come home weekends",
that's if I can save.

I swear I'll take it out on the man -

Who ever devised the economy plan.

All the love in the world - can't put -

Dinner on the table -

All the hate that I feel no love could put right.

Good morning day, how do you do

I wonder what will you do for me?

I should be on my way, I should be earning pay

I should be all the things that I'm not -

And I've tried on my own, now there's nothing to keep
me at home

All the love and the strength has been taken by this
Government.

You see they tell you to move around -

If you can't find work in you home town.

Father's in the kitchen, counting out the coins,

Mother's in the bedroom, looking through pictures of
her boys,

One is in London, looking for a job -

The other's in Whitehall - looking for those responsible
