"Homesick"

It's been a long time.
I hope you understand.
My life has changed.
I'm older now, wiser, better like wine.
The world around me moves so fast,
But we move like no time has passed at all.
The leaves change from brown to green, and back
again,
Just like a dream, an endless memory, a catastrophe.
I hear your name like i see the sun,
And it beats down on my chest as my heart pounds.
Breathe and wait for me.
Don't give up i'll be home soon i swear.
Breathe, hold a sigh for me.
Relief today from the smile i wear.
It's been days, and im homesick from the inside out.
