Daylight turns to moonlight-
and I'm at my best
Praising the way it all works-
gazing upon the rest
The cool before the warm
The calm after the storm
I wish to stay forever-
letting this be my food
But I'm caught up in a whirlwind
and my ever changing moods

Bitter turns to sugar-
some call a passive tune
But the day things turn sweet-
for me won't be too soon
The hush before the silence
The winds after the blast
I wish we'd move together-
this time the bosses sued
But we're caught up in the wilderness
and an ever changing mood

Teardrops turn to children-
who've never had the time
To commit the sins they pay for through-
another's evil mind

The love after the hate
The love we leave too late
I wish we'd wake up one day-
an' everyone feel moved
But we're caught up in the dailies
and an ever changing mood

Evil turns to statues-
and masses form a line
But I know which way I'd run to
If the choice was mine

The past is knowledge-
the present our mistake

And the future was always leave too late
I wish we'd come to our senses
and see there is no truth
In those who promote the confusion for this ever
changing mood
