What you asked for is what I gave  
No questions stopped at and nothin' saved  
From my scarcity of presence to my rarely seen bed  
I took you in hopin' that you'd be a friend  
Now I'm so scared of the weeks ahead

What I dreamed of I saw in you  
I needed someone that I could trust too  
But you smashed down all my faith with your callous  
lies  
From the etchin' of daybreak to the canvas of  
moonlight  
And now, I'm so scared that your reveal what's mine

The trail, you led me down  
Betrayal, you let me down  
The trail, I'm so ashamed of you  
Now, I'm so scared of the weeks ahead

From the silence  
I'm lost here in my lonely room  
Tears are what brought you  
Now you brought gloom

In the fadin' light of sun  
I hear my empty heart bloom  
Can you ever explain  
Your need to cause me pain?

I hear the whispers in the Soho Cafes  
The poison gossip of the 10 'P' arcades  
Of looks and the stares of those who know  
Now their hateful eyes are the one's I close  
And I'm so scared of the years ahead

The trail, you led me down  
Betrayal, you let me down  
The trail, I'm so ashamed of you  
Now, I'm so scared of the weeks ahead

The trail

The trail  
The trail
