Yeah, Holiday, Gary  
I don't want y'all to compare me to niggas no more  
Unless they got a case pending  
Unless they poke somethin' up  
Unless they keepin' it real gutter, y'know

SP, I'm the closest thing to poison it is  
You think you hot, I'ma boil your kid  
You think you cool, I'ma throw you in the river  
Wit some cement shoes you could sleep with the fishes

Niggas actin' funny, so, I gotta keep it movin'  
I don't speak to the bitches we could handle this like  
gangsta's  
Dog, I'll kidnap your little man and send you to the  
banker  
That money get dropped off, so do he

Right off the booth of his mama' building  
Feel the drama building  
Told y'all niggas don't fuck wit P  
I said, m fuck rap and a verse

I get down like the bishops it the way you clap at the  
hearse  
I get it crunk wit a blunt and a package of Herc  
I'm in the shottie of the Cadillac wit niggas that'll take  
Twenty a body, the shottie will handle that

Styles  
Paniro the most, you hearin' the Ghost  
Styles  
Holiday shit, it's robbery shit  
Nigga talkin' funny then body the kid, let's go  
Styles  
Mafia boss, rockin' the corpse

Styles  
Pullin' the three, cockin' the four  
Styles  
We're closin' the windows and lockin' the doors

You could die today  
Or you could die tomorrow, baby boy, the option is  
yours, c'mon

I smoke weed 'cuz the future is grim  
I'm knockin' this ash off the dutch on the roof of your  
Benz  
My lil' man been runnin' since the shootin' begin  
Y'all niggas talk about cases of Crist  
I talk about cases where niggas get life of the shit

And your girl visit two years, mom come forever  
But near one of your mans aint right wit his shit  
But like corn I'ma flip, smokin' weed influenced by the  
fix  
And old timers with the too lies by the hips  
So come and creep wit me, and I ain't lyin'

When I tell these motherfuckers that I got the streets in  
me  
One felony, wit two cases beat, so be about your  
business  
When you come and beef wit me I got coke for sale  
And I got dope for sale if you wanna cop some work  
You oughta come and speak wit me

Styles

Y'all niggas know my name, but you don't know my  
style  
What make it all ironic is the shit is the same  
Keep a Milli in the coat, puffin' on the chronic  
In the hood wit my niggas that's distributin' 'caine

If your man get bodied, number one rule is  
You body somethin' back then live with the pain  
Young guns of this shit, so when I get hit

I'ma yell, Sheek and Kiss, let's finish the game

I got discipline and dedication  
I'm the boss of the S N F, that's the Shootin' Niggas  
Federation  
Light a blunt and get cloudy wit me  
Go get your gun and get rowdy wit me

It's a Holiday dog, mouth big, you could swallow the  
four  
Don't you ask me what I'm robbing you for, what  
'Cuz you was talkin' big money and I'm a little broke  
And I'm a firm believer in equality dog, what
