So you already know how we brained it, how we givin' it
up
We did I skizz, this a shorter percentage of the world
that is skizz
When they see us answering the world that is skate hop
But that's what we call it, hip hop niggas that's rockin'
the skate board gear
So this is the skate hop
This is the diamond life but it's under the skate hop
umbrella
That niggas gonna figure it all out in a minute
The music, the fashion
All this shit is gonna start balancin' out
Know what I mean?
Cause nothing but authenticity
All the way around the border
Diamond life
Get accustomed to it
