[Verse 1: Styles P]

Small talk is irrelevant
Down to kill an elephant
Niggas look fly in their bitches look elegant
Let the birds fly like a pelican
From NY out to Maryland
Be more careful them little niggas hear ya
Tattoo tears overhead if you dare to
yeah, wax out the trippy
Racks off the other shit
Max with the hippys
Mack out the window if niggas act iffy
MÂ's off the piffy
Shits getting sticky like jiffy
Hood gon' cry if they hit me
IÂ'm a real ass nigga get with me
Kush in the grinder and my looks is designer
My dope is raw like I got good from China
Always on some other shit
Even the hatin' niggas is lovin it

[Hook x2]

Even the hatin' niggas is lovin it
Even the hatin' niggas is lovin it
Even the hatin' niggas is lovin it
Fuck all the hoe ass niggas and fuck the government

[Verse 2: Sheek Louch]

Haters still lovin it
But I dont give a fuck if they didn't
IÂ'm black lovin it
Poppin' off on some other shit
Hand on the tommy couple shooters behind me
They tryin' to take the black man out like Mitt Romney
Me and P add 2 when its 3D
Imax movie, chain and our watches is duplicate
They love my style, alligator band on the Heblut
True Religions on, Louie kicks all on the big toe
You don't think I seen a million dollars I did though
Christopher Wallace money, every night is a big show
Hit the gym, bag lookin' fuckin forigno

Don Don, bitch be on my dick from the get go ahh

[Hook x2]

[Verse 3: Styles P]

Its crack or gas for the dollars
Ride around town in the black Impala
Niggas could act wilder
Show up at your moms crib
Same ass guns Sin of act of Valor
Sort like the car they gave me no hope
Iâ€™m real rugged yet smoother than the aveeno soap
I mean body wash
Up on the shore where his body washed
It wasnâ€™t me, I was smoking weed with his bodyguard
Iâ€™m not feelinâ€™ you, prolly made a plan or killinâ€™ ya
A- rap, nigga Im willinâ€™ to
Iâ€™ma mob boss all day part of a Â…like John Forte
But ego is liquid, connect seem solid though
Any signs of the Feds, motherfuckinâ€™ vamonos
Put quote on the streets before I do twenty years
Being broke is the only thing money fears

[Hook x2]
