[feat. Jadakiss]

[Jadakiss: x2]

Niggas talk shit about us - but it's ok!  
Game ain't shit without us - but it's ok!  
No, you can't live without us - it's ok!  
But go ahead, you can doubt us - it's ok!

[Verse 1: Jadakiss & Styles P]

Checks get cut after the clearance  
But what we dealing with is hard work and  
perseverance  
Still send a nice ransom note to your parents  
I'm a wrap this bitch till it needs some ball bearings  
Trying to renovate the west wing of the mansion  
I ain't thinking recession, I'm thinking expansion...  
I be in the malls  
But my chain is dancing  
More than 200 on the dash?  
I'm a tear it  
But you ain't gotta be nice  
Pass off for parents  
44 mag is the last thing you hearing  
If the work don't make it, that's a pass interference  
Shots of tequila, spending car money at the jeweler  
Spending house money at the dealer  
Rubber bag of piff  
Sour need a sealer  
Wanna see a real nigga?  
I just look into the mirror.

[Chorus: x2]

Niggas talk shit about us - but it's ok!  
Game ain't shit without us - but it's ok!  
No, you can't live without us - it's ok!  
But go ahead, you can doubt us - it's ok!

[Verse 2:]

We about dough  
Never without dough, moving work out of state  
In and out flow

Real lyrical  
Ralph lauren table, ralph lauren couch, yo  
Ralph lauren everything that fit up in the house though  
Whaddup to them polo boys who know tony  
Couldn't have been manolo's boy  
Cartier frames  
Clear lens tho!  
8 series beemer, 7-series benzo  
Mobster: I probably go to hell if my friends go  
Never shoot in a blind fury  
Diamonds like sprite!  
It's lemon and lime jewelry.

[Chorus x2]

[Verse 3:]

Rap with the connect - it's ok!  
Hope you force somebody to test it - it's ok!  
Lookout on the lookout - it's ok!  
We gonna have the fiends singing like michele  
Bang hard like the niggas out in east la  
Know we from the bay in the pink all day  
Still dope money in the grey mink all day  
Just do it right, don't sit around and think all day

[Chorus x2]
