Lick a shot for the predicate felons  
And gangster niggas that know that  
Doin' their time is better than tellin'  
Don't tell dog, lick a shot for the graveyard shift  
And all the hustlers on ninety-five for the graveyard  
prick

Lick a shot for this weed I need  
Just to see clear, to tell the truth I can't breathe a ki  
Lick a shot for the stick up kids that twist up wigs  
That's the shit that happens when you pick up bids

Lick a shot for the foreign car, American trucks  
Old timers that'll throw a stack of presidents up  
Got dice shooter slang, need a pistol to hang  
But the P understand 'cause the ghetto is fucked

Lick a shot for the fiends  
That got to go see the minors on the block to get  
medicined up  
Lick a shot for the sake of lickin' a shot  
And every time I'm far away from home I'll be missin'  
my block  
D-Block nigga

Lick shots for the Hood  
Yeah, nigga we good  
Lick shots for the poor  
We still gotta run from the law

Lick shots for the rich  
I-95 movin' them bricks  
Lick shots for the crew  
My niggas'll ride and I ride too

Someone lick a shot for D-Block 'cause that's what I'm  
on  
Lick a shot for the niggas that ain't survive the storm  
Lick a shot for all my niggas on the run  
And lick a shot for all my real niggas that got bodies on  
they gun

Lick a shot for my niggas 'cause I know they'll do the same  
For my niggas that run through the flames and walk through the rain  
Lick a shot for all the niggas growin' up in the slums  
Blowin' they spliffs with they razor blades under they tongue

Lick a shot for all my niggas that be bangin' they hammers  
Stickin' up stores, takin' the tape out the video cameras  
Lick a shot at all y'all haters whether smaller or bigger  
Lick a shot 'cause Hood ain't never been scared to pull a trigger

Lick a shot for all my niggas that be pumpin' they crills  
When the beef start cookin' they be bustin' they steel  
Lick a shot 'cause I ain't scared to  
And lick a shot 'cause I'm prepared to  
Crack a buckle with the matchin' hair due

Lick shots for the Hood  
Yeah, nigga we good  
Lick shots for the poor  
We still gotta run from the law

Lick shots for the rich  
I-95 movin' them bricks  
Lick shots for the crew  
My niggas'll ride and I ride too

I lick shots for my niggas in jail  
23 hours in the hole, on life parole  
My jackmack niggas, octopus wildin'  
Closest food they ever gettin' to is city island

I lick shots for C.O.'s that hit niggas off  
For weed and don't care if you bleed  
Just mind they business and go the other way  
And for the right price they could get you the yay

I lick shots for my thug ass niggas that'll put something in you  
From they car and hit your face through the diner menu  
Your body get numb, you swallow your tongue  
Cough up blood, thats the work I do, what

I lick shots for my niggas thats not on tour  
And gotta hustle to eat  
It's the motherfuckin' way of the streets, pay attention

Lick shots for the Hood  
Yeah, nigga we good  
Lick shots for the poor  
We still gotta run from the law

Lick shots for the rich  
I-95 movin' them bricks  
Lick shots for the crew  
My niggas'll ride and I ride too

Lick shots for the little babies in the projects  
Runnin' around unsupervised with sharp objects  
Lick shots for papi that give you the yay half price  
And niggas that ain't ever been heard but they mad  
nice

Nobody tell when I squeeze at your men  
Lick shots when your diesels at ten, Imma see you  
again  
Lick shots 'cause my record is clean  
Middle of the street, broad day lettin' it scream

If I'm lucky they'll squirt through your back  
And after that I'll make sure I lick shots for the purple  
and yack  
Lick shots just to guard your grill  
To my nigga T and green and my uncle and Arthur Kill

Lick shots for the S-L 6  
Cherry red with them chrome things on it with the X-L  
lips  
Lick shots for the niggas who got shot and ain't here  
They say life goes on but it ain't fair

Lick shots for the Hood  
Yeah, nigga we good  
Lick shots for the poor  
We still gotta run from the law

Lick shots for the rich  
I-95 movin' them bricks  
Lick shots for the crew  
My niggas'll ride and I ride too

Lick shots for the Hood  
Yeah, nigga we good  
Lick shots for the poor  
We still gotta run from the law
