[Intro]

Rafael and RJ too, good lookin cuz  
I got a little story to kick on this one  
Ghost style

[Verse 1]

So Authentic  
Sitting in a bullshit apartment that is rented and my  
soul's tormented  
A big pile of coke, a grimy ass bitch  
I don't trust for a minute cuz her nose all in it  
The shit's still for sell though, my man went to jail  
though  
Left fifty birds, 10 guns, weed and a scale yo  
She hit me on my jack right  
I was in the lab blowin' Ackright  
In the booth tryna get my stacks right  
She said come through, cuz dinner lookin' mad nice  
She went to Shop-Rite and got the chicken for the half  
price  
I'm like this bitch don't cook, and me and her don't eat  
So I know she sweet  
Yeah her man went to jail I know he up shits creak  
She got keys in the crib I'll get them off this week  
So I hopped in the truck yo, blowin on the dutch yo  
I know I shouldn't do it but I dont give a fuck though

[Hook x2]

If you fuck with a murda mommy  
You gon' fuck around and have to murder mommy  
I'll do her greasy like I never heard of mommy  
Glade big poppa you deal with a murder mommy

[Verse 2]

She said they 12.5  
I got 125 on me, I could buy 10 break em' down let em'  
dive on me  
250 can get me twenty though  
Shit ain't lookin funny though, nigga need money  
though  
Half a million can get me forty

Me and my little shorty can kick it like Barry Gordy  
Soon as I thought I heard a knock at the door  
Pause, heard a lap cock at the door  
That sounds like a Colt .45  
Government issued, I'm thinking that I don't wanna die  
My shit was on my side, pulled it out hit her in the eye  
Gun buck, the dumb slut wanna die(bitch)  
Door flew in, so did the mass dudes  
Cash rules, fuck that we all gon' blast tools  
They hit, she hit, I'm good some g shit  
Left with the cash in the coat that's P shit

[Hook x4]

If you fuck with a murda mommy  
You gon' fuck around and have to murder mommy  
I'll do her greasy like I never heard of mommy  
Glade big poppa you deal with a murder mommy
