I will wait somewhere in the wings  
Watch you take your bow  
In the front row is someone else  
They're clapping for you now  
I will wait on the starting line  
Watch you win this game  
I won't move when someone else  
Is cheering on your name  
I wish there was some way to tell you  
The words just get in the way  
You should know that I will always love you  
Forever and a day

I will wait in the back of the church  
And watch you say I do  
I won't cry when someone else  
Is standing next to you  
I wish there was some way to tell you  
But words just get in the way  
You should know that I will always love you  
Forever and a day

I wish there was some way to tell you  
The words I wanted to say  
You should know that I will always love you  
Yeah I will always love you  
Yeah I will always love you  
Forever, forever, forever, forever  
And a day
