God bless the child  
Who can find their way home  
God bless the child  
Who is weary in soul  
Oh beware  
To take care of yourself  
Or you lack the strength  
To help somebody else

God bless the child  
Who is broken and bruised  
God bless the child  
Who just wants to be good  
Oh beware  
To take care of yourself  
Or you lack the strength  
To help somebody else  
So take care, so take care  
Of yourself

Oh beware  
To take care of yourself  
Or you lack the strength  
To help somebody else  
So take care, take care  
Of yourself
