I wrote a love song in sixteen bars It says it all, it tells it true This is my love song in sixteen bars To tell the world that IÂ'm really gone on you

I love you like the oceans love the shore Like flowers love the sun, but even more I love you like the heavens love the planets and the sun Then IÂ've said it all in sixteen bars

This is my love song in sixteen bars To tell the world that IÂ'm really gone on you

I promise you a thousand violins A symphony of love that never ends I promise you youÂ'll always hear the sounds of sweet guitars Then IÂ've said it all in sixteen bars

I wrote a love song in sixteen bars It says it all, it tells it true This is my love song in sixteen bars To tell the world that IÂ'm really gone on you
