Iâ'd like to say your beneath me
Iâ'd like to say that im over you easily
but its not that easy
I think about constantly

You better watch your mouth when you talk about me
Iâ'm not playing with you whatâ's your game pliancy
Iâ've got to hold up until your better
And take you out of the picture

(CHORUS)

Everywhere you go
Everything you do its all the same to me
I donâ't really care what you do out their
What am I supposed to think
Everywhere you go
everything you do its all the same to me
Everywhere you go
Everything you do
Its just all the same to me

I heard what you said about me
Its incredible the games youâ're your playing
Did you forget so quickly
The way that we used to be

You better watch your mouth when you talk about me
Iâ'm not playing with you whatâ's your game pliancy
Iâ've got to hold up until your better
And take you out of the picture

(CHORUS)

If I said that you were beneath me
What would that make me?
Everything you do right now
Its just all the same to me
(repeat 2 times)

(CHORUS)

Yo watch your mouth when you talk about me
Im not trying to play you what's your game pliancy
I've got to hold up until your better
And take you out of the picture

Just all the same to me
Just all the same to me
