If only I could get up out of here
Take my shit someplace, somewhere else, somewhere
All the people here are diseased
infected with something strange to me
I dont like the way that guy looked at me
I dont wanna know what hes thinking
I feel like Im sinking
Or have these people had an effect on me?

So sick of this I could leave
So sick of this I could fly
So sick of this I could say goodbye

So sick of this I could leave
So sick of this I could fly
So sick of this I could say goodbye

But maybe this is all inside my head
All these fools are awake and Im still in my bed
But theres somthin that keeps tellin me
To get out before I go crazy
Theres somethin happenin that I cant see
Someones got to help me
This isnt where Im supposed to be

So sick of this I could leave
So sick of this I could fly
So sick of this I could say goodbye

So sick of this I could leave
So sick of this I could fly
So sick of this I could say say say goodbye...

Leave.....
Fly....
Leave....
Fly....

So sick of this I could leave
So sick of this I could fly
So sick of this I could say goodbye

So sick of this I could leave
So sick of this I could fly
So sick of this I could say goodbye
