(James Young)

"Yeah

Eight days a week with my baby at home
and you know that she's my tender honey.

Baby I've been good
but you know it's rough
when you're spending all of my money.

Ain't no disputin' I'm your man
you know I want to tell the world.

You're the only woman.
Show me what love can be.
You're the only woman
that understands a man like me.

Rock and roll is a way of life
but don't you know it brings me down.
Music is my game but when I'm home
I treat a lady like she's wearing a crown.

Stranded in the storm 'round Lakewood Way,
you know who comes to mind.

She's the only woman.
Show me what love can be.
She's the only woman
that understands a man like me.

[guitar solo]

When I'm away with time to kill
just sittin' around gettin' high
thinking about your sweet sweet love
I wanna jump on a plane and fly.

Sweet little Susie,
show me what love can be.
She's the only woman

that understands a man.
She understands a man
(like me)

She's the only woman,
she's the only woman,
she's the only woman."
