Every Christmas I'll be crossing my fingers,
Every time im gonna hold my breath.
I sent a letter up to ol' Chris Cringle,
But I haven't got an answer yet.

Chorus 1;
All I Want for Christmas, all I need for Christmas
All I really want to do. Is be with you on Christmas Day.

I dont need another turtle-neck sweater
I dont even like to wear cologne
I know something that'll soothe me better,
More than anything you better know.

Chorus 2;
All I Want for Christmas, all I need for Christmas.
All I'm waitng for is this, to steal a kiss on Christmas
Day.

Now you might think that i couldnt get this,
If I got a red tie on a pin striped vest.
'Cause really the only one thing I like best,
Maybe a misteltoe will help you guess.

Chorus 1,Chorus 2.

On Chrsitmas Day -repeat

I don't need another turtle neck sweater, baby.
I dont even like to wear colonge
