Hey little brother, I could see it in your face

You don't understand how you got into this place

Stick your stinkin' hand out, well guess who pays

Now they're tellin' us to change our ways, so yah

Tighten your belt, dirty your hands

Lace up your boots and make a stand

Raise your fist and be a man

Put the pedal to the metal for the promise land

[Chorus]

This house is shakin', don't bother knockin'

Whoa, you can't stop rockin'

What doesn't rub in, no need to lock it in

Whoa, you can't stop rockin'

The road is long, but we'll still carry on

You can't stop rockin'

Can't stop rockin'

Oh, we can't stop rockin'

Hey now sister, you're a beautiful mess

Your heart's in the right place

But your home's in distress

When it all gets better is anybody's guess

So while we're learnin' to live with less, you can

Dust off your dancin' shoes

Paint your fingernails and rub on some Rouge

Gloss your lips, flash that smile

Go out struttin' by that mirical mile

[Chorus]

This house is shakin', don't bother knockin'

Whoa, you can't stop rockin'

What doesn't rub in, no need to lock it in

Whoa, you can't stop rockin'

The road is long, but we'll still carry on

You can't stop rockin'

Can't stop rockin'

Oh, we can't stop rockin'
