Living on the edge, on the edge  
On the edge, on the edge  
Of the century

See the world in revolution  
Spinnin' faster all the time  
We're headin' for the end of somethin'  
Just about to step across that line

Oh, can't you see?  
We're starin' in the face of reality  
Oh, you and me  
We're livin' on the edge, on the edge  
On the edge, on the edge  
Of the century, yeah

Feel the way the earth is shakin'  
Hear the rumble miles away  
Say goodbye to checkpoint Charlie  
Walls are fallin' every day

Oh, can't you see?  
Every step we take we're makin' history  
Oh baby, you and me  
We're livin' on the edge, on the edge  
On the edge, on the edge  
Of the century

We're livin' on the edge, on the edge  
On the edge, on the edge  
Of the century

You can't turn off the information  
Can't sit back in your easy chair  
Just can't ignore a generation  
Better get ready 'cause we're almost there

Woah oh, we're movin' at the speed of life, yeah  
Woah oh, into a brave new world where the strong will  
survive  
The dawn's gonna break and I'll meet you  
On the other side

You can't stand still while the earth is turnin'  
Can't take cover 'til the coast is clear  
Can't play guitar while Rome is burnin'  
Look out now 'cause the future's here

Woah oh, and we're moving at the speed of life  
Woah oh, livin' on the edge, on the edge  
On the edge, on the edge  
Of the century

Livin' on the edge, on the edge  
On the edge, on the edge  
Of the century, yeah

Livin' on the edge, on the edge  
On the edge, on the edge  
Of the century, yeah
