I know you've deceived me, now here's a surprise
I know you've deceived me, now here's a surprise
I know that you have 'cause there's magic in my eyes
I know that you have 'cause there's magic in my eyes

I can see for miles and miles and miles and miles and
miles
I can see for miles and miles and miles and miles and
miles
Oh yeah
Oh yeah

If you think that I don't know about the little tricks
you've played
If you think that i don't know about the little tricks
you've played
And never see you when deliberately you put things in
my way
And never see you when deliberately you put things in
my way

Well, here's a poke at you
Well, here's a poke at you
You're gonna choke on it too
You're gonna choke on it too
You're gonna lose that smile
You're gonna lose that smile
Beacuse all the while
Beacuse all the while

I can see for miles and miles
I can see for miles and miles
I can see for miles and miles
I can see for miles and miles
I can see for miles and miles and miles and miles and
miles
I can see for miles and miles and miles and miles and
miles
Oh yeah
Oh yeah

You took advantage of my trust in you when I was so
far away
You took advantage of my trust in you when i was so
far away
I saw you holding lots of other guys and now you've got
the nerve to say
I saw you holding lots of other guys and now you've got
the nerve to say

That you still want me
That you still want me
Well, that's as may be
Well, that's as may be
But you gotta stand trial
But you gotta stand trial
Because all the while
Because all the while

I can see for miles and miles
I can see for miles and miles
I can see for miles and miles
I can see for miles and miles
I can see for miles and miles and miles and miles and
miles
I can see for miles and miles and miles and miles and
miles
Oh yeah
Oh yeah

I know you've deceived me, now here's a surprise
I know you've deceived me, now here's a surprise
I know that you have 'cause there's magic in my eyes
I know that you have 'cause there's magic in my eyes

I can see for miles and miles and miles and miles and
miles
I can see for miles and miles and miles and miles and
miles
Oh yeah
Oh yeah

The Eiffel Tower and the Taj Mahal are mine to see on
clear days
The eiffel tower and the taj mahal are mine to see on
clear days
You thought that I would need a crystal ball to see right
through the haze
You thought that i would need a crystal ball to see right
through the haze

Well, here's a poke at you

Well, here's a poke at you
You're gonna choke on it too
You're gonna choke on it too
You're gonna lose that smile
You're gonna lose that smile
Beacuse all the while
Beacuse all the while

I can see for miles and miles
I can see for miles and miles
I can see for miles and miles
I can see for miles and miles
I can see for miles and miles and miles and miles and
miles
I can see for miles and miles and miles and miles and
miles
and miles and miles and miles and miles
And miles and miles and miles and miles

I can see for miles and miles
I can see for miles and miles
I can see for miles and miles
I can see for miles and miles
I can see for miles and miles
I can see for miles and miles
I can see for miles and miles
I can see for miles and miles
