I woke up this mornin'
Wishin' you were here
Another cup of coffee
And then you appeared
A crystal vision
Shinin' through the rain
Smilin' through my window pane

In the mornin' traffic
I turn on the radio
And the song thats playin'
Is one that we used to know
When we were dancin' slowly
Under the mirror ball
You were singin' to me
I felt like we had it all

It was our adventure
We let it slip away
Gonna make it like it was before this day

(I will be your witness)
That much I can do
(That much I can do)
I wanna tell the world
(I just want to tell the world)
How much I'm missin' you

(I will be your witness)
I, you know it's true
(Don't you know it's true)
I wanna testify
(I just want to testify)
How much I'm lovin' you

Did you ever notice
Just what you mean to me?
You're the piece of the puzzle
That makes my world complete
I need your freedom
I need your company
Let me tell you how it's goin' to be

(I will be your witness)
That much I can do
(That much I can do)
I wanna tell the world
(I just want to tell the world)
How much I'm missin' you

I'll be your alibi tonight
I'll make everything all right
I will be your defense
When life makes no sense
Baby you just wait and see
It's a crazy, crazy world

Woke up this morning
Wishin' you were here
Poured a cup of coffee
And then you appeared
Such a great adventure
I won't let it slip away
You know I need you every night and every day

(I will be your witness)
That much I can do
(That much I can do)
I wanna tell the world
(I just want to tell the world)
How much I'm missin' you

(I will be your witness)
I, don't you know it's true
(Don't you know it's true)
I wanna testify
(I just want to testify)
How much I'm lovin' you, oh

(I will be your witness)
I will be your witness
(What else can I do?)
What else can I do?
I just want to tell the world
How much I'm lovin' you
