LOVE AT FIRST SIGHT by Styx

Driving past your house again  
I feel the same way I did then  
I get weak, just thinking about you  
It all began so easily  
A look from you a glance from me  
Then our eyes met like thunder & lightning

You and I, strangers lost in a moment  
Eye to eye  
We were caught unaware of the passion inside us

Love at first sight  
I know that this can't be happening  
No, not to someone like me  
Love at first sight  
So rare, and so exciting  
I only hope this love we found can last  
I'm not a man who acts this way  
But lately I can't concentrate  
And I don't sleep, just dreaming about you  
I try to reach you on the phone  
But voices there say you're not home  
And my heart aches, thinking I've lost you

One more time, seeing your face in the moonlight  
One more chance to be caught unaware  
Of this passion inside us

Love at first sight  
I know that this can't be happening  
No, not to someone like me  
Love at first sight  
It's hard to keep your balance  
Moving past the point of no return

If you need some time  
To understand your feelings  
If you need some time away  
I'll be waiting for you  
With open arms my love

All that night  
We made love in the moonlight  
Eye to eye  
We were so unaware of the passion inside us

Love at first sight  
I know that this can't be happening  
No, not to someone like me  
Love at first sight  
So rare, and so exciting  
I only hope this love we found can last
