One touch was all I needed to know  
You were the one for me  
My fate and my destiny  
You smiled and all at once I could see  
I'd found a love so true  
That I could give all to you

And suddenly I realized  
That all the fortune and fame  
Can't compare to the sound of your voice  
Whenever you speak my name

Paradise is anyplace where I can be with you  
Leave behind the heartache and the pain that I've been  
through  
Safe in your arms  
Safe in the world tonight  
For you are my paradise

My heart was broken so many times  
I couldn't imagine when  
I'd ever love again

But every time I look at you  
I know that I've been blessed  
For I'm sure I've found heaven on earth  
Each time I feel your caress

'cause paradise is anyplace where I can be with you  
Leave behind the heartache and the pain that I've been  
through  
Safe in your arms  
Safe in the world tonight  
For you are my paradise

And all at once I realized  
That all the fortune and fame  
Can't compare to the sound of your voice  
Whenever you call my name

'cause paradise is anyplace where I can be with you  
And leave behind the heartache and the pain that I've  
been through  
I'm safe in your arms  
Safe in the world tonight  
For you are my paradise
