As I sat by my window just thinking of you

The pain and deception which broke my heart in two

But now that I see that your not loving me

Oh baby can't see, just what you do to me

Chorus:

Crying over you, is all I can do

When your loving someone knew, I'm crying over you

You led me to believe that all your love was true

But now your seeing someone new and i'm crying over
you

Crying over you, thats why I'm crying over you

Repeat (2x)

These tears on my pillow are all because of you

But now the time has come to find somebody new

I'll looking for someone to wipe away the tears

Someone to love me when your not here

Crying over you, thats why I'm crying over you

Repeat (2x)

Chorus

I gave you all my love

I gave you what was mine

But now I realize

You weren't worth my time
