I never really cared about a broken heart,  
A sad heart  
Cause it always made me feel  
Like love wasn't meant for me  
Got a little tired of the lovers  
That were good to me  
They'd turn around and they'd use me then lie to me

So I'm glad I finally found someone  
Who's gonna set me free  
Take me to another place,  
A place where I deserve to be  
So I'm glad I finally found someone  
Who's gonna set me free  
Take me to another place  
Take me to another place

Baby come fly away  
Let me take you to another place  
A place that you've never been before  
Baby come fly away  
Let me take you to another place  
Come let's fly away

So take me higher babe  
Higher and higher babe  
You know exactly where I wanna be babe  
That's in your arms now  
Way up high in the clouds  
No other lover can compare to you

So glad I found someone  
Who won't lie to me  
You came around and you showed me  
What loving means  
Take me to another place  
Take me to another place  
Oh baby let's fly away

Baby come fly away  
Let me take you to another place  
A place that you've never been before

Baby come fly away  
Let me take you to another place  
Come let's fly away  
Let's fly away  
Let's fly away  
No other place (2x)  
Come let's fly away

Baby come fly away  
Let me take you to another place  
A place that you've never been before

Baby come fly away  
Let me take you to another place  
Come let's fly away
