Billie Jean can beat it
Get off the wall
Let's get up on the floor
Out there is just so much more
Feel it in your body
Rush to your mind
Then deep inside your soul
Let the music take control
Can you feel the magic in the air (ooh, ooh)
Places to discover
We can all get there

CHORUS

It's a high
Step to the beat
Follow the music
Just let it feel your needs
It's a high
Get on your feet
Lost in the music
Just let it feel your needs
It is a high

I can hear the sounds
Through the doors
Runnin' through my mind
Time to leave those cares behind
I can see the world spinning round
Right before my eyes
Each line is filling me with life

Now reachin' out to people everywhere
Places to discover
I hope we all get there

It's a high
Step to the beat
Follow the music
Just let it set you free
It's a high
Get on your feet
Lost in the music

Just let it feel your needs
It is a high

Everybody Jumping to the beat
Everybody dancing in the street

Play it again and again, play it again,
Play it again, play it again now ooh

It's a high
Can you feel the magic
In the air, places to discover
We can all get there..

CHORUS
