I sit back and remember when
I was all alone
Picture and a memory
Those days are gone
You had the remedy
In my time of need
You made it easy to see
Oh yeah

CHORUS
Sensational
That's what you are to me
Whenever I am down
You put me on my feet
Sensational
Each day is like a dream
You bring the best out of me
Sensational

Some things are coincidence
Some meant to be
Our love was no accident
That is plain to see
It's hard to define
But when it comes to you and me
I feel I've known all my life
Ooh yeah

CHORUS

When I was down and lonely
You came around and filled me
With life
Now I know where I'm going
That's with you baby, you baby
Anytime

CHORUS

Your love is sensational (ad lib)
