What you need boy .. I got  
Nobody can get no better  
Good lovin' from A to Z  
But I'm tired of all your ways  
You treat me like I don't matter  
Why you still lookin' when you got me

One on one's what I want  
Here and now is where it stops  
This kinda woman ain't into three  
Take some time just for me  
Show me what I really need  
Don't give a promise that you can't keep

### CHORUS

Working overtime  
For all that loving that should be mine  
You got me working overtime  
Time to shape up or walk out my life  
Working overtime, working overtime,  
Working overtime

I'm indispensable  
Not just another fool  
I need somebody to treat me right  
Baby be sensible  
Start playing by the rules  
I ain't believing those alibis

Two A.M.'s here again  
You tell me you were with a friend  
I got this feelin' something ain't right  
I can't take this no more  
Respect me or walk out the door  
I need the truth to move on with my life

### CHORUS

Baby we've come so far  
Don't go out like this  
There's so much more for us  
It's time to be movin' on

Cause we're not so young  
Let's just love each other

CHORUS
