Good days, they are hard to come by
Bad days, they make me feel alright
The signs say to call you over...
I'm feeling things won't turn out right!

I've got it all wrong...
Then you come along!
I've got it all wrong...
You solved this fight!
I've got it all wrong...
I'm feeling kind of strange.
I've got it all wrong...
And now things are right!

I've been near, for way too long now
And now it's time, a change should come along.
With this new wind, strongly blowing...
My thoughts keep scrambling through my head!

I've got it all wrong...
Then you come along!
I've got it all wrong...
You solved this fight!
I've got it all wrong...
I'm feeling kind of strange.
I've got it all wrong...
And now things are right!

Good days, they are hard to come by
Bad days, they make me feel alright
The signs say to call you over...
I'm feeling things won't turn out right!

I've got it all wrong...
Then you come along!
I've got it all wrong...
You solved this fight!
I've got it all wrong...
I'm feeling kind of strange.
I've got it all wrong...
And now things are right!
