They've started a band with some friends  
Playin' hard as they can  
Rock n' roll is the clue  
Still believe that is true  
I wish a we're a stinking dog  
But i'm not!  
With their "converse" attitude  
These guys will rule the world  
"Why can't i go see you outside"  
It's something that i can't, i just can't understand  
And i wish i were a stinking dog!  
But i am not!  
[Verse 1]  
They only drink Bud, Bud, Bud!  
1-2-3-4!  
I can't go see you outside [x4]  
Hey ho! Let's go! [x4]
