"Twenty One"

If you ask me
If you ask me I will just deny it
Just like nothing ever happened to us now
This time it's real
This time I will follow my own advice
And I will weigh the words that might
Flow through my mouth
Twenty one
Just inches from perfection
If you only knew just what you're gonna do
Twenty one
I am never far behind
Keep this place warm
If I should fall or leave for a moment
You know I will be back whenever you need me
Trust this feeling
Trust this feeling even if you doubt me
I won't be the one
Who'll let you down.
