Your name here,  
Believe me it's not what you think,  
Wish what you want,  
It's all the same to me,  
Well, not really,  
But anyway,  
Its just there's nothing so simple,  
Nothing so silly,  
Nothing so mundane,

Go east on Sunrise Highway,  
Turn left at Carmen's Avenue,  
Go right at the first stoplight,  
And I'll be outside waiting for you,  
Oh, I'll be waiting for you,

Your name in lights,  
It was only a matter of time,  
Your name in parenthesis,  
You can't see...  
Cause after this mess,  
I guess you bet,  
That I'd collapse before you do,  
Well maybe that's true,  
Or maybe it's not at all,

Go east on Sunrise Highway,  
Turn left at Carmen's Avenue,  
Go right at the first stoplight,  
And I'll be outside waiting for you,  
Oh, I'll be waiting for you,

Go east on Sunrise Highway,  
Turn left at Carmen's Avenue,  
Go right at the first stoplight,  
And I'll be outside waiting for you,  
Oh, I'll be waiting for you.
