mucho gusto me llamo Bradley Im hornier than ron
Jeremy
and if you wanna get popped in your knee
just wipe that look off your bati face
you hate me cause i got what you need
a pretty little daughter that we call mixie
if you wanna get beat physically
it will be over in a minute
so she told me to come over and i took that trip
and then she took out my mushroom tip
and when it came out it went drip drip drip
i didn't even know she had the g.i. Joe kung fu grip
and it went uuh and the girl caress me down
uhh that's the lovin' sound
when i kiss mixie it makes me feel horny
cause Im the type of lover with the sensitivity
when she kiss my neck and tickle my fancy
she give me the right kind of love on Sunday morning
En el otro lado es
donde vivÃ con mijita que se llama Mixie
y su hermana si me quiere
y ahorita tenemos un bebÃ©
sus padres sus tios me trataron matar
but they did not get too far
un poco despuÃ©s tuve que regresar
con un chingo de dinero cause you know I'm a star
vene a Costa Rica para tomar y surfear
placticaba con la raza cause they know who we are
si no lo dio cuenta and I bet you never will
you must be a muÃ±eca if you're still standing still
(chorus)
Me gusta mi reggae
Me gusta punk rock
pero la cosa que me gusta mÃ¡s es panochita
Pon la nalga en el aire if you know who you are
Pon la nalga en el aire empieza a gritar
no tenga miedo, Im your papi
take your chones y los manden a mÃ¡
levanta levanta tienes que gritar
levanta levanta tienes que bailar
(chorus)

and the girls caressed me down
and that's the lovin sound
translation
On the other side is where I used to live
with my girlfriend, her name is Mixie
and her sister, yes she loves me
and right now we have a baby
her parents, her uncles they tried to kill me
(but they did not get too far)
a little later I had to go back
with a shit load/fucking lot of money cause you know
I'm a star
chingar=to fuck, un chingo de ___ = a fucking lot of

come to Costa Rica to drink and surf
i talked (placticar=to converse) with the people (la
raza='the race' or the locals) cause they know who we
are
if you dont take notice then I bet you never will
you must be a little doll if you're still standing still
(chorus)
I like reggae
I like punk rock
but the thing I like most is pussy
put your ass in the air if you know who you are
put your ass in the air begin to scream
don't be afraid im your daddy
take your panties and send them to me
get up get up you have to scream
get up get up you have to dance (chorus)
