Janie always said I was a mess
I'm sorry 'bout that mess
I made her bleed
Buddey bye bye bye , I planted my seed
Still I knew she could take it
If I opened up the rhythm
I knew it could make it
But I hope her parents love her, so

Feelin' the acid on the brain
If I got that frame
I made her bleed
Yes she wants to love and to see
Well if you live you wanna give or get old
And if you never knew that we get old
You live it up, you live it up, you get old

Believe, believe me when I say
That every people that's a scent in every day
But if you got to know my place
And if you don't it smacks you in your face
But, I know her parents love her
And I hope her parents love her
I hope her parents love her so

Go

Billy backed in 1983
What did you do for me?
I made her bleed
Well I lovin', I planted my seed, babe
I knew we could make it, but
I only knew that the bitch would break it, yeah
I hope her parents love her so
My God look at me
If he had to go I know

I barley left in my hole to bleed
You never knew punishments what you need
Oh my God, possibly
Believe it or not, it's a disease
I, I hope her parents love her

I hope her parents love her so

Aah
