Early man walked away
As modern man took control
Their minds weren't all the same
To conquer was their goal

So he built his great empire
And he slaughtered his own Kind
He died a confused man
Killed himself with his own mind

Early man walked away
As modern man took control
Their minds weren't all the same
And to conquer was their goal

So he built his great empire
And he slaughtered his own Kind
He died a confused man
And he killed himself with his own mind

Let's go

Early man walked away
As modern man took control
Their minds weren't all the same
And to conquer was their goal

So he built his great empire
And he slaughtered his own Kind
And he died a confused man
And he killed himself with his own mind

Let's go

Early man walked away

And he died a confused man
And he killed himself with his own mind

Let's go

Early man walked away
As modern man took control
Their minds weren't all the same
And to conquer was their goal

So he built his great empire
And he slaughtered his own Kind
And he died a confused man
And he killed himself with his own mind

Let's go

We're only gonna die from our own arrogance
That's why we might as well take our time
