 $\tilde{A} \otimes \tilde{A} \otimes$ 

Translation:

My mother earth
Not mine, all that was mine, even my country
my danger
has becomed
a punching bag

that will determine for me to be or not to be cant understand the trend, get hit eyes closed shut screaming live and let live its not my people "bleeding hearts" delusions "bleeding hearts" in slime, it cannot be but we are here and we will never leave "here" zionism in the jewish blood that honors islam also Christianity and buddhism and all the others too my throat is saturated, im not blood thirsty understand that blood spills blood that spills blood then his uncle die and his blood spills too its a waste of time won't get up he will not wake up daddy won't tuck the kids in to bed again

for international attacks

#### chrous:

who am i, what did i know and where did i came from? i am from here and i came from here this is my land and this is my country

### Mother!!!

Look at me today i've put down my uzi picked up the microphone dreaming of peace (shalom) getting only goodbye fuck miracles everything is an illusions. living in a storm in the heart of the danger such big troubles in such a small state want to live, to die, upright, slouchy, free, Kidnapped, starting, ended, standing, falling, soldier, terrorist, give, steal god, hell

you're an exhausted firstborn how did everything turn around? stuck with danger like in a fusion reactor again get up and fall from fear to the trash 69 revolving the contrary is upheaval
again a sidewalk in a reddish tone
human heart
the blood flows to the sea
a crappy world
constipated reality
living in a "die hard" movie
living to die

#### chrous:

who am i, what did i know and where did i came from? i am from here and i came from here this is my land and this is my country
