You disgust me  
With all of your fucked up games  
And each time I look at you  
All I see is disgrace  
You're playing with people  
Like they where toys  
Is the only fucking reason  
Of the hatred in my voice  
No regrets of witnessing your fail.

I was at first  
Fooled by your pretty disguise  
Impressed by the thrills  
That you made me feel  
But I was soon to find out  
You are all the same  
You were only in it, for the kill.

Twice as much pain  
Will hit yourself  
I'm standing on the side  
While I'm witnessing your downfall  
Your downfall.

As my eyes are darkened  
So is my love for you  
Like the pain in my heart  
As it's been from the start  
You will never win.

You still think you're number one  
And all your playing went well  
Remember the curse twice as much pain  
It will only hit, hit yourself  
Twice as much pain will hit yourself  
I'm standing on the side  
While I'm witnessing you  
Cause I know, hate  
Is the way I was breed  
And the way I was send to the throne  
Cause of the pain that I bring

And I know it's today  
That I send off all my sins  
And I throw them all away  
Your downfall.

As my eyes are darkened  
So is my love for you  
Like the pain in my heart  
As it's been from the start  
You will never win.
