Break me!  
Fake me!  
Irritates me  
Ecstasy  
Harmony  
Bothering rhapsody

Ref:

Crowded all the streets  
I can see only fleas  
What's with all these  
Irrisistible (false) dreams

Dreams to live a life  
Dreams to build a pride  
Walking on the floor  
I've given up the fight  
Once I built a fence  
A protection from the sense  
With a promise to believe -  
I've never had a pure romance

Ref

Before it turns to be late  
Gotta shake yourself up  
All these things around you  
Getting close to the edge  
Before it all gonna fade  
Gotta wake your friends up  
All your friends around you  
Getting close to the end!

Ref

You break me!  
You shake me!  
You irritate me!

It is a usual late morning

Please let us sleep on the kitchen floor  
Let the tribulation be our tristful pillow  
And our bodies overburdened by sweet  
unconsciousness  
Put off ourselves that Sober is our enemy  
Strawberry is our only friend!

Darkness about to fall  
And drills a terror in you  
Get away, scream and crawl  
Praying to get another bottle of hope, bottle of hope  
Than get it!  
Pulls me over makes you fly, keeps in levity  
Scratch the surface, not too high  
Dope! That is your designation to kill me now  
I'm already dead you can't kill me!

I'm already...

Tune to a sound, that's what you are to me  
Can't get rid of you Enemy!  
Salt to the see, that's what you are to me  
I'm tired and say goodbye to all!

Ki tany?ja ez a ny?rf?s?  
Nem hallatsz a kurjant?s  
Ny?rfaerdo, sz? llel inog  
?n a f?kkal egy?tt ringok  
Arra j?rtok, megsirattok

Halo is due to all, Your realm made me ungodly.  
Father praise my soul, Forgiveness for all.

Can't get rid of you enemy!  
Truly, madly, deeply! I'm stucked on you Enemy  
Can't get it!  
Can't get it!
