Listen up my fabule!! listen up my peacefull fabule!!

Question,boom!

Yes i never wanna get my self through of it

Question,boom!

When i wake up don't take up my blinding glasses

Question,boom!

So show me the things you've inspired by

Question,boom!

Or swallow your fist and cry!

I keep goin' to the fight

Began to justify

I'm gonna identify

There's no biggest blister than I

Unreal gotta die!

Show! Shall I show you!

You know that your face so blind

Systematic part of the system

...that your face so blind

systematic part of the system

(delay that supposed right

program in your mind)

I wanna lick your brain, yes!!

I want to fuck, fuck your ass, yes!! :)

here ain't no place for soul

in a world built on lies

no place for rock and roll

it's all mechanic-all

tear me up and bring me down

i will rise from the bottom!

Original subscribe vibration!brake it down!

You know inside of us lives a nation

A full of rastaman vibration

Keep relaxin',no rush but all day sexin'

Think,esteem,tolerate,unify!

This a only real way to fly

Turn up da bass and loud up da sound

Doin'the way of da renegade front

I beat the walls of the critical rank

Rabdabadab go!

Fly!! That's the only way to fly
This depends on your mind control, what you've never
shown
Watch your back and think twice now, you girl never
know
Mechanic-all
