What life has taught me,
I'd like to tell to those who wanna learn
Ignorance was on me
Till I heard that speech i can't forget
but it seems to be all so plastic,interested,
selfish hatelover humanity
through your fears, don't give up, don't give up
power's in unity!
power is in unity (your choice)
until the philosophy which holds one race superior
and another inferior
until the basic human rights will not be guaranteed
without regard to race
until the colour of a man skin is of no more significant
than the colour of his eyes
until that day, we renegades of the nation will fight
and we shall win as we are confident in the victory of
over evil
i want you to know something you don't know
cause you're in big mistake, i feel you
but power is in unity
no hate ,no fight
through your fears, don't give up, don't give up
power's in unity!
power is in unity
the bass, the drums, the strings, the vocs are all about
to make....
try unify,
try justify!!!
i want you to know something you don't know
cause you're in big mistake, i feel you
but power is in unity
look what they done to my dream!
