This time Yesterday
I thought I was gonna die
Standin' at the edge
Of my ordinary life
Now I'm lookin' far ahead
I only see clear blue skies
I hope this feeling lasts me
Until the end of time

I don't see the things that bring me down like I used to
No. There were times we felt like giving up but we came
through

(CHORUS)

All this time
We've come a long long way
I've waited a lifetime for today
I'm praying this moments here to stay
All this time
When everyone else said I was wrong
You gave me a reason to be strong
You gave me the will to carry on
All this time

You kissed my blues away
Like yesterday's far behind
And all these clouds have died
I've cleared around my mind
Now I'm looking far ahead
I'm looking with brand new eyes
Well I can't see the future
But I know it's looking bright

Never thought we could survive what we've gone
through
No. There were times we felt like giving up but we held
through

(REPEAT CHORUS)

It's like a second chance at life

So many people passing by
And you know it's a shame
'Cause they can't believe
So they don't and they won't even try
With every battle that's been won
With every little thing I've done
But I couldn't see that little me

(REPEAT CHORUS TO FADE)
