Immersing in ocean of tears  
Only my eyes will show the pain  
Of untimely farewells  
We swore that we will be together forevermore  
But we always break the promise  
Tear after tear like a fountain of dew  
Flows down at the sound of silence  
At dawn I'm standing over the extending sea  
My tears are streaming down the tones of their  
Fall are returning as echoes  
Crowned seclusion  
My image that stands there alone and cry  
While the waves of the cold wind  
Are rising me with their coldness  
My love in the stream of the ocean is drifted  
To the sky I aspire seek for my love  
But I can't block those bleak emotions  
That are growing inside me  
The golden flowers at spring  
Blooming in the breeze  
Sunlight slowly declines over me

Now the curtain of silence rips with my sigh

But my heart becomes as hard as stone.
