All the things that my eyes saw

You will keep to see tomorrow

Through tears

Let me remove your tears

I enter to this life with a tear

And I depart with one

I didn't want to leave

But it's the will of god

It's the will of god

Lord!

I wither quicker than the rose

And I know that it's all over

And already past

You know and didn't say a thing

Why you invert our joy to a grievous

... farewell

Is it the final farewell?

So let those I've loved

A will to keep living without me

While I'm lying on the bed

... on the bed of earth

But the days still elapse  
The more, they're passing slower  
Your place within my heart overgrow  
Try to hold the memory of you  
Worth tall keep undying  
Oh, please outcry your tears  
And bring back the smile  
That was almost forgotten  
Father!  
Why, you didn't say  
That I will never see  
... never see them again  
But I hope  
That one heaven receives us  
... receives us all  
All the things that my eyes saw  
You will keep to see tomorrow  
Through tears  
Let time remove your tears  
Your tears!  
So let those I've loved  
A will to keep living without me  
While I'm lying on the bed  
... lying on the bed  
Of earth

How long shall these things be?
