Lyrics by: Rory Winston

Another sleepless night to kill
No more substances to get you by
A child's voice dances between the walls

Your yellowed fingers stroke the dark
Now your eyelids are barbed wire
Whose scent hides in your towels?

Wonder why all your days turned grey
One day true grace will fall like rain
And it'll caress you
And wash off that tint of blue

Old memories itch in new dreams
No more substances to scratch them with
I know that you know that I'm here
You feel that I feel your fears

Wonder when all your days turned grey
One day, my face will start to fade
The night will absorb you
And let your loss wash away

Let the rain fall
Let the pain come
Let the blame fall
Let the rain fall
Let the rain fall
Let the pain come

Let the rain fall
Let the rain fall
Let the rain fall
Let the rain fall
Let the pain come

Let the rain fall
Let the rain fall
Let the pain come

Let the rain fall
