It's easy to think
This will go away
Fade out like the dreams of yesterday

Promises broken by words that you spoke to me
Constantly placed yourself in perjury

Don't try to say
What you don't mean
I'll be ok
Believe me
I'll be ok (With You)

Cause in the end
We're still alive
And in the end
Look in my eyes
The end is near
But you've got nothing to fear
I'll be just right
Here.

The story unfolds
Truths untold
To lies forshadowed

Secrets you tried to hide from me
Clouded your judgement

Honesty morphing becoming a tragedy
Starring you and me

Don't try to say
What you don't mean
I'll be ok
Believe me
I'll be ok (with you)

Cause in the end
We're still alive
And in the end

Look in my eyes
The end is near
But you've got nothing to fear
I'll be just right
Here

Get up!

Do you buy your own lies
Or are you faking it?
Do you buy your own lies
Or are you fake?
