In future days, how will this time be judged?

Will it be known as the moment we turned it all around?

Or when we teetered on the brink and plunged over the edge

Into madness and destruction? A crucial junction.

You have a choice

You have a choice

YOU HAVE A VOICE!

How can we know what we have done

To possibly endanger our outcome?

So sure of your righteous path

Leading us toward a future that cannot last

So if you assume that nothing will ever change

And the dice roll will facilitate your continued happiness

Then we'll all end up slaves they've created

To simplify your lives

So tell me,

How can we know what we have done

To possibly endanger our outcome?

So sure of your righteous path

Leading us toward a future that cannot last

Won't be complacent with imperial destiny

Remain flaccid in the face of industry

One minute equals a legacy

You've gotta believe it makes a difference to me

What do you see?

I DON'T THINK THAT YOU'RE LISTENING

Don't follow me

She'd YOUR MISCONCEPTIONS

I'm not here to lead

YOU'VE GOT TO LEAD YOURSELF

Question history

DON'T FADE INTO THE PAGES!
