I'm going back to the place I was born

My favorite hood, halleluja

Believe I found what I came here for

I used to roam the streets on skateboards with cheap
beer

A little punk, halleluja

I found my old accordion

Used to play it in the sun

Went for a snack and a bottle of wine

Didn't do that much, my life defined

All my friends are guitarrists

And we know how to have fun

Watching the kids building the tents outside

Got me thinkin about the times

I'm going back to the place I was born

My favorite hood, halleluja

Believe I found what I came here for

I used to roam the streets on skateboards with cheap
beer

A little punk, halleluja

And the tags are still there

Meat is murder and pavement

I used to wonder when I went for a walk

If they meant Pavement the band

Or if it was just coincidence
